Total to 10 A. M. May 8,	$25.605.28

The Hospital executive committee were very much gratified last night over the fact that up to noon yesterday they had been able to place upon the score board the grand total of $25,249,53, which was practically secured by the canvas, which began just two weeks ago, to the day. It seems astonishing that such an amount could have been realized in so short a time, especially as the committees were compelled to give a part of their time to their own business. In this connection it may be interesting to state that the amount represented averaged $1,60 from every man, woman and child in the city of Alexandria. Last night the above amount was increased so as to show $25,464, which was placed upon the board last night.

In addition to this sum the large number of subscriptions came in yesterday. The list that was published in the Hospital issue of the Gazette last night showed contributions by three hundred and sixty-five churches, organizations, public and private schools, and individuals. This number of contributions did not nearly reach the actual figures, because the names of those who sent in cash through the lady board of managers, were omitted though the cash was included.

The names published last night were only those where pledges and cash had been turned over to the treasurer, and did not include a number of known contributions which had not reached his hands. The same is applicable to organizations and schools. It is hoped that each contributor will appoint themselves active agents and secure additions to the amounts already received. The fact that such a large sum has already been subscribed should afford not only satisfaction but should urge all to work harder than ever to complete the $50,000 needed.

SELECTION OF MEDIATORS.

Perplexing Problem Said to be Facing the Administration.

Washington, May 8.—Selection of of representatives of this country to act with the A. B. C. mediators was today the most perplexing problem confronting the Administration. The fact that the negotiations at Niagara Falls are certain to be long drawn out makes it imperative that men be named who can abandon their personal affairs for an indefinite period.

There are few individuals so situated who are big enough for the job.

It was stated today that should the President persuade two or three justices of the Supreme Court to act for the United States, the entire work of that court would be disarranged, as it is at present confronted with one of the heaviest dockets in its history.

As a result the question proved a topic of serious discussion at today's Cabinet meeting, as did the latest note from Great Britain, calling attention, although in the most friendly terms, to the fact that Englishmen have been killed in Guadalajara, in Jalisco state, and that G. H. Coxon, English manager of the Vera Cruz street railway system, is held a prisoner by General Maas at Soledad.

It is admitted that outrages to foreigners or Americans at this time would end forever any prospect of the mediators arranging a peaceful settlement of the Mexican situation. In addition to these cases there is the mysterious disappearance of Vice Consul John R. Silliman, supposedly held a prisoner, and possibly already murdered, by General Maas at Saltillo.

Following a report by the Brazilian minister at Mexico City that he has been unable to locate Silliman because the wires to Saltillo are interrupted, Secretary Bryan asked that he try to get a messenger through to the federal commander making it plain that he will be held responsible should anything happen to the American official. With Manzanillo on the west coast reported partially in the hands of the rebels and with the general assault on Saltillo and Tampico about to begin, the Administration was hopeful today of fulfillment of promises that all of north will be hled by Carranza's forces before the mediators begin conference at Niagara Falls. This, it is admitted would have an important effect on the negotiations as it would show the utter hopelessness of Huerta's position and would aid any plan that could be devised for getting him out of Mexico.

Rush Orders for Field Equipment.

Galveston, Tex., May 8.—Rush orders from Washington were received through 2d divsion headquarters at Texas City, yesterday to send a large quantity of permanent field equipment to the United States troops at Vera Cruz.

MUST FIND U. S. CONSUL SILLIMAN

Ultimatum Given To Huerta by Two Powerful Governments.

SAID TO BE IN JAIL.

March in Mexico Discussed by Cabinet—Army Faces Grave Situation—Navy Active.

Washington, May 8.—"Find United States Consul Silliman" was the peremptory order given Huerta today by two powerful governments. What amounted to an ultimatum was given to the dictator on behalf of the U. S. through the French and Brazillian embassies at Mexico City to locate the American consul who is reported to have been thrown in jail by Mexican Federals at San Louis Potosi.

Although Silliman's arrest was reported four days ago, not one word, not a single clue of any kind, from any source, has been given to throw any light on his whereabouts. The younger General Maas is said to be responsible for his detention. This was stated emphatically today at the State Department.

Secretary Bryan and other officials because of the time elapsed since the reported outrage aganst the American consul, grew more worried today as no news came regarding the consul. They hoped that the rebel might soon capture Saltillo where Silliman is said to have been taken by the Federals, and release him from prison, as they did Consul Hanna at Monterey.

That Huerta and his forces are directly and solely responsible for the reported indignantly to Silliman is the stand taken by this government. Villa and Carranza are absolved, upon present information, from having had any hand in the affair.

The department had no further information regarding killing of foreigners near Guadalajara, reported yesterday by the British ambassador.

Military operations in big proportions, contemplating the taking of Mexico City, are to be immediately started by the War and Navy Departments, if the President and his advisers will unleash the military arm at the Cabinet meeting today.

The army is facing a grave situation in Mexico, which in the opinion of the Secretary and his staff, can only be met by increased force and a march to Mexico City.

With dynamite in the air at the war department today, all avenues of information have been closed and sealed by Secretary Garrison. Consequently no official information can be obtained.

All officers of the general staff from General Witherspoon down, refused to talk, fearing the drawing of possible admissions with respect to the situation and the contemplated moving of the vast army to Mexico.

The navy commanders in Mexican waters are urging the taking of immediate steps to protect property in Mexico and all foreigners.

Washington, May 8.—Immediate reinforcement of the United States army of occupation in Vera Cruz to sufficient strength for any expedition into the interior of Mexico that may become necessary was determined upon by the War Department today.

This plan of action, with the immediate object of protecting the lives and property of Americans, was laid before the President and his cabinet this morning. The decision was reached following a midnight conference of war and navy officials, when an appeal was received from Brigadier General Funston, based on reports brought to him by refugees from Mexico City.

Secretary Garison and the general staff went over the entire military situation at Vera Cruz and other points in Mexico before reaching this decision.

FREIGHT RATES IN SOUTH.

Interstate Commerce Commission Hands Down Decision.

The Interstate Commece Commission yesterday handed down a decision which will change the relation of railroad freight rates throughout the South. Rates from New York, Cincinnati, Louisville, and New Orleans, to Atlanta, Athens, Ga., or Cordele, Ga.; rates from Cincinnati, Louisville, and New Orleans, to Birmingham; and rates from Cincinnati, Louisville, and New Orleans, to Rome, Ga., cannot be exceeded at intermediate points.

The report deals with rates from New York to Charleston, S. C.; Savannah and Brunswick, Ga.; Jacksonville and Pensacola, Fla.; Mobile, Ala.; New Orleans, La.; Memphis, Tenn.; Augusta, Macon, Milledgeville, Hawkinsville; Dublin, Columbus, Albany, Rome, Athens, Atlanta, and Cordele, Ga.; Birmingham, Ala.; Jackson and Meridan, Miss.; and points through Potomac Yards, Va., Norfolk, Va., and the South Atlantic ports.

The decision also deals with rates from Cincinnati and Louisville to the same points, and with the rates from Chicago, Cairo, and St. Louis to destinations throughout the South.

The commission points out that the territory is pierced by numerous navigable streams which have caused a reduction in rates between stations on their banks to a level lower than they probably would have been were it not for the influence of these streams.

The report expresses the belief that the general readjustment that will take place as a result of the ruling will result in a more stable, consistent and reasonable system of rates than now exists.

FLEE BURNING STEAMER.

All Members of Crew Escape, Engineer Being The Last.

Erie, Pa., May 8.—The wooden freight steamer, City of Rome, Buffalo to Toledo, was burned to the water's edge off Ripley, New York, yesterday. The crew escaped in boats.

The fire was discovered between decks shortly after midnight by Mate John McNamara, of Cleveland, and all hands were summoned to fight the flames, which gained rapid headway and were soon beyond control.

After a two hours' struggle, in which the crew was hampered by the dense smoke and heated deck plates, Captain William Dunn gave orders to beach the vessel. Thomas Cunningham, of Milwaukee, the chief engineer, stuck to his post until the ship grounded on the sands of Ripley beach. The crew then made its way to shore in life boats.

The vessel is a total loss. She left Buffalo last night for Toledo, to load coal for Milwaukee. She was a steel steamer of 8,900 gros stons, and 268 feet long, and was owned by James Mitchell, of Cleveland.

WHITE HOUSE WEDDING.

Miss Eleanor R. Wilson Becomes Mrs. Wm. G. McAdoo.

The marriage of Miss Eleanor Randolph Wilson, third daughter of the President of the United States and Mrs. Woodrow Wilson, and Mr. William Gibbs McAdoo, Secretary of the Treasury, was solemnized at the White House yesterday. In contrast to the marriage on November 25, last of Miss Jessie Woodrow Wilson and Mr. Francis Bowes Sayres which took place in the great east room in the presence of nearly 1,000 guests, including the representatives of all the foreign powers accredited to Washington, was the simplicity of yesterday's ceremony, which places the youngest daughter of the President, as the wife of the Secretary of the Treasury, second in rank among the women of the cabinet.

After the knot had been tied and the wedding cake had been cut and the bidden guests had wished them long life and happiness, the bride and bridegroom slipped quietly out of the White House and into the President's private automobile, and were whisked away it is said to College Park, Md., where the sumptuously arranged private Pullman car Philadelphia was waiting there to carry them on their first journey together as man and wife.

It is supposed the newly-wedded pair repaired to Mr. McAdoo's home on the Hudson.

SITUATION IN COLORADO

Miners Given Until Monday to Disarm—Distrustful of Each Other.

COL. LOCKETT'S ORDER.

Major Holbrook Urges Miners to Obey Proclamation—Situation Still Believed to be Serious.

Trinidad, Col., May 8.—All arms of strikers and coal mine guards in southern Colorado must be turned over to United States troops by Monday, according to a proclamation said to have been tentatively prepared today by Colonel James Lockett, commanding the regulars here, and scheduled to be issued tonight.

Major William A. Holbrook, Lockett's chief aid, today resumed his tour through the coal camps of Las Animas and Hueriano counties, addressing gatherings of strikers at Sopris, Rouse, and Rugby. He is urging the miners to obey the forthcoming proclamation without parley.

Neither Colonel Lockett nor Major Holbrook, however, conceals the belief that the situation is serious. The bitter hatred engendered between strikers and mine guards during the long strike has not diminished with the arrival of United States soldiers. Instead, a strong feeling of distrust between the parties to the conflict has developed.

Leaders of the strikers assert that unless at least five hundred rifles are surrendered by operators, it will be clear they do not intend to obey entirely the disarmament order. Operators, on the other hand, say the strikers must surrender 800 to 1,000 guns or it will be evidence they are acting in bad faith. The probability is that neither side will turn in anything like the number of weapons named. Strike leaders say only about 200 rifles remain in the possession of the strikers.

Colonel Lockett today denied reports that the President's disarmament order would be construed to refer to peace officers in the strike zone.

MOB MENACES NEGRO.

He Runs Amuck With Knife, Slashing Right and Left.

Chester, Pa., May 8.—George Johnson, colored, went on a rampage on the carnival grounds yesterday, cutting four persons with a pen knife, one of the victims being in a serious condition. The prompt action of Patrolman Feeney averted a threatened riot, as a mob of white men made a rush for Johnson, who was brought to the city hall, where he was held under $1,600 bail for court by Police Magistrate Elliott.

Johnson had rushed through the crowd, knocking spectators in all directions, flourishing the pen knife, which was open. He cut Miss Mary Curl, Harry Kelly and Bernard Gallagher, all of this city. He also slashed the latter's brother, George Gallagher, who remenstrated with him for attacking Bernard. Johnson was soon surrounded by a crowd of angry men, but was rescued by Patrolman Feeney.

Miss Curl received a long laceration on the arm, and Harry Kelley and Bernard Gallagher were seriously lacerated in their faces. The trouble started in Johnson using insulting language, and when requested to keep quiet he pulled the knife.

WANT MISS MALONE.

Detectives Believe Harrison Has no Clue to Woman's Whereabouts.

Washington, May 8.—Now that Sidney B. Harrison, former manager of the brokerage office of N. L. Carpenter & Co., has been apprehended and released on bond for his apearance in court to answer a charge of embezzlement, renewed efforts are being made by the police to get some clue to the whereabouts of Harrisons assistant, Miss Alice E. Malone, who has been missing since December 19 last.

Harrison and Miss Malone are both under indictment for embezzlement. Harrison is alleged to have taken $24,000 belonging to the firm, while Miss Malone is accused of the embezzlement of $8,000.

Detectives say they are convinced Harrison is telling the truth in saying he has not seen Miss Malone since they separated in front of the brokerage office on the day both left the city, and that he has not been in communication with her at any time, nor has any knowledge of her whereabouts.

Following Harrison's arrest at Pierce Station, Va., by Central Office Detective Charles Evans and Detective Guy Walsh, of the Seventh precinct, the police endeavored to obtain from Harrison some statement regarding the disposition of the money he and Miss Malone are are alleged to have embezzled. He declined, however, to make any statement.

The police believe the money was lost in speculation, and that neither Harrison nor Miss Malone had much of the money when they left Washington. It is thought by the detectives that Harrison had returned to this part of the country in the hope that some settlement could be made whereby the charge of embezzlement would be dropped, and had not the detectives swooped down unexpectedly on him it is believed that within a few days a settlement with the Carpenter Company would have been submitted through the young broker's friends.

TAX COMMISSION'S EXPERT ADVISER

Secretary of New York Tax Reform Associaion Has Been Secured.

WILL MEET ON MAY 18.

Sub-Committee Studying Methods of Taxing Railroads and Public Service Corporations.

Richmond, Va., May 8.—With the arrival in Richmond yesterday of State Senator Edward Echols, Senator Buchanan and Delegate Pitt, the State Tax Commission, which took a recess recently, again comes into the public eye. With Senator Harman, the three men named above compose the subcommittee named at the organization meeting of the commission to study the problem of taxation of railways, public service corporations and public utilities.

Chairman Echols announced yesterday that the regular sessions of the full commission will begin in the Capital on May 18. The subcommittees are making steady progress on the ground work while Secretary Montague has accomplished no little toward the collection of a reference library on taxation and poltical economy. The commission, when it meets here on May 18, must consider at once the choice of a clerk under whose direction will be compiled the report and statistics.

A. C. Pleydell, secretary of the New York Tax Reform Association, has been secured by Senator Echols to advise the Virginia Tax Commission in certain matters. It will recalled that Mr. Pleydell, who is widely known student of political economy was one of the chief speakers at the tax conference called here in January by the Chamber of Commerce. At that time he spoke on the subject: 'Special Taxes in New York," giving some idea of the results obtained in the Empire State by the segregation of the State of certain taxes.

Senator Echols heard him speak and was much impressed by his remarks. He announced yesterday that Mr. Pleydell will reach Richmond by May 18, and will sit with the commission in an advisory capacity for several days.

The individual members of the commission have been engaged in private study since their departure from Richmond two weeks ago. Each returns to the city full of suggestions, ideas and statistcs and the next meeting of the commission promises to develop some interesting debates.

AIDING IN THE WORK.

Abe L. Cohen, proprietor of the People's Popular Price Store, is assisting in the raising of the hospital fund in a noteworthy manner. Although but a recent arrival in the city, he did not flinch when approached by the committee, but on the other hand agreed to give a certain percentage of his sales for sixty days toward the fund. Mr. Cohen has enjoyed success so far in his business venture in Alexandria and through the percentage the building fund will receive a nice increase.

UNVEILING THE TABLET

Interesting Exercises in Northwest Section of Market Building This Evening

The unveiling of a memorial tablet on which is inscribed the story of the historic events which have taken place around the market place in Alexandria will draw many distinguished guests to this city this afternoon, among them scores of delegates who are attending the twelfth biennial Council of the National Society of the Colonial Dames in Washington.

The tablet which is to be presented by the Society of the Colonial Dames in Virginia, has been erected in the northwest corner of the market building, a few feet from the corner of Royal and Cameron streets and near the memorial fountain which was erected by the same organization two years ago. It is of marble four by eight feet in size. On it is engraved the history of the market square, among the facts given prominence being the incorporation of the city in 1749, the laying of the first cornerstone of the District of Columbia in 1791, its capitulatin to the British in 1814 and its retrocession to Virginia in 1846. A resume of the happenings at the Carlyle House on Fairfax street and the old city tavern, which stands at the corner of Royal and Cameron streets is also given.

The exercises this afternoon will commence at 4:30 o'clock. Miss Rose McDonald, chairman of the Alexandria Committee will preside and introduce Mrs. William Ruffin Cox, of Richmond, Va., president of the National Society of the Colonial Dames, and also of the branch in Virginia, who will present the tablet to the city. CLOSE SCHOOLS JUNE 15

Trustees Hold Meeting Last Night—Standing Committees Appointed

The City School Board was in session about an hour and a half last night. Most of the business transacted was of a general nature.

Resolutions in respect to the memory of the late Herbert Bryant, former member of the Board from the Third ward and for some time chairman, were adopted and a certified copy ordered to be sent to the family of the deceased.

The following resolution, introduced by a special committee, was also adopted by a unanimous vote.

The members of the City School Board of Alexandria, while rejoicing with Doctor William M. Smith, former chairman of the board, at his selection by the President of the United States to fill the responsible position of Postmaster of the chief city in his Congressional district, desire to place themselves on record as fully appreciating the interest he has ever manifested in the public school system of his city and state, by the labor and time he has for years devoted to the same. We realize that while the Postoffice Department has secured the services of an efficient and faithful servant, the members of the City School Board have been deprived of the co-operation of one of the most earnest and active trustees since the organization of the public schools of Alexandria.

Resolved, That this expression of the appreciation of his former coadjutors be spread upon the minutes of this board, and a copy sent to Dr. Smith.

Chairman Bradshaw announced the following committees:

Finance—J. Gilbert Cox, Carroll Pierce and T. Clifton Howard.

Studies and discipline—L. H. Thompson and C. William Wattles.

School houses and furniture—J. Frank Myers and T. M. Ervin.

Complaints and grievances—Thomas L. Carter and W. S. Nicklin.

Books and printing—J. Frank Myers and Harry Hammond.

Janitor services—T. Clifton Howard, Thomas L. Carter and Harry D. Kirk.

Building committees—J. Gilbert Cox, T. Clifton Howard, T. M. Ervin, C. William Wattles and L. H. Thompson.

It was decided to begin the closing exercises of the schools on June 15th.

NEWS OF THE OLD DOMINION

MODERN WOODMEN MEET.

Triennial Convention Names Delegates to Head Camp Meeting.

Petersburg, Va., May 8.—The State camp, Modern Woodmen of America, met in triennial session at the Stratford Hotel, this city, Wednesday. The meeting was called to order by W. F. Kirk, of Richmond, State Consul. Immediately after the roll call, to which fifty-nine delegates answered, the appointments of committees was made. A splendid dinner had been spread for the occasion, and after the transaction of urgent business, the delegates, representing every section of the State, proceeded to the spacious dining room for the feast. The banquet was tendered the camp by State Deputy Doubles, of Richmond, and State Medical Director R. A. Gamble, M. D., of this city.

The camp reconvened after dinner and elected the following delegates to the head camp, which meets in Toledo, Ohio, on June 16th; William Evans, of Norfolk; W. P. Addington, of Coburn, and H. B. Justice, of Low Moor.

Resolutions were adopted endorsing Dr. Gamble for reappointment as State medical director for the next three years.

William Treadway, of Catham, was elected State consul, and N. F. Smith, of Fredericksburg, was elected as State clerk. After the decision of the camp to meet in Richmond three years hence, the meeting adjourned until 8:30 o'clock this evening.

KILLED WITH BASEBALL BAT.

Two South Carolina Men Are Brained by Thad E. Turney.

Charlotte, N. C., May 8.—J. K. Wells and Dind Dover were brained with a homemade baseball bat of cedar by Thad E. Turney at the home of Jim Mack, a negro of York county, S. C., Tuesday night about 11:30 o'clock, says a special from Yorkville, S. C., last night. It seems from the evidence, which is hazy, that Wells nad Dover mistook the Turneys for revenue officers and fired upon them, their fire being returned, and the deadly bat brought into play. A coroner's jury found that the men were killed by blows from the bat in the hands of Thad E. Turney, who, accompanied by his father, J. E. D. Turney, had left his horse and vehicle at the negro's home and gone fishing in a creek nearby. The Turneys surrendered to officers today, and are in jail at Yorkville.

The accomplice fled after the father and son had shot at him.

ARMS PARALYZED IN WRECK.

Leroy Roper and Charles H. Cuthbert, Jr., Hurt When Car Overturns.

Petersburg, Va., May 8.—At a late hour Wednesday afternoon while a party, consisting of Leroy Roper, Charles H. Cuthbert, Jr., and Dr. D. D. Willcox, were motoring along the Richmond and Petersburg turnpike in Mr. Roper's touring car, and in an effort to avoid a mud hole at a point about one and a half miles from the city, the car skidded into some soft earth which had recently been placed beside the road and turned turtle, catching Mr. Cuthbert beneath it.

Dr. Willcox and Mr. Roper escaped with only a few scratches, but Mr. Cuthbert's face was buried in the mud with the running board of the machine resting across the back of his head, gradually smothering him. With the assistance of passers by, the machine was lifted off of him. He was unconscious and thought to be in a seriously injured condition. Mr. Cuthbert was brought to his home in this city in a short time, and, with the exception of his left arm being paralyzed, he is resting easy.

Mr. Roper's left arms is also paralyzed, but attending physicians think that in both cases the paralysis is only temporary and believe that both young men will be able to be out in a few days.

WILL REVIEW DAMAGE SUIT.

Writ of Error and Supersedeas Granted in Case of Operator Struck by Lightning.

Richmond, May 8.—The State Supreme Court of Appeals has decided to review the evidence in the successful $10,000 damage suit of I. B. Newton, a telegraph operator of Greenville county, against the Atlantic Coast Line Railroad Company for injuries received when lightning struck the switchboard in the railway station at North Emporia in 1913. Newton was awarded a verdict by the jury in the Circuit Court of Greensville county, the jury giving him half of the $20,000 damages he sought to recover.

The Supreme Court granted the railway a writ of error and supersedeas, requiring the posting of a bond of $12,5500. William B. McIlwaine and Bernard Mann appeared on the petition for appeal as representatives for the railway.

I. B. Newton, a telephone and telegraph operator on the Atlantic Coast Line Railroad at the station of North Emporia, Greenville county, was sitting in the station there in conversation with a friend during an electrical storm when lightning suddenly struck the switchboard beside them and caused a violent explosion. Newton claims that he received injuries that will permanently disable him. The blinding light and roar is said to have been caused by the explosion of two fuses in the switchboard when touched off by the lightning.

Newton accused the railway of negligence in failing properly to provide ground connections for the lightning arresters designed to prevent lightning from coming in contact with the switchboard. The railway company denies this charge, and counters with the defense that the injuries of which Newton complains are not attributable to the explosion in the station.

MODERN CROESUSES.

The Richmond Times-Dispatch says:

"The Alexandria Gazette remarks that few men in this world who have amassed colossal fortunes by their industry and genius escape the strident cry of "tainted" money and that "it may be safely said that there are thousands of people in the world who would not make as good use of immense fortunes as Mr. Rockefeller, Mr. Carnegie and others."

"All of this is true, but does the Gazette believe that any man has ever amassed a colossal fortune solely by industry and genius and does it believe that any man can measure up to the responsibility of its possession? With cries against individuals just because they are wealthy, reasonable men have no sympathy, but that is not to say that the acquisition and possession of swollen fortunes have been the cause of more good than evil."

The Gazette was not attempting to apologize for some persons who have not made good use of their money, but simply mentioned two who are most generally condemned in our day. We never adopted the views of Jerry Simpson and others to the effect that sin entered the world via Wall street, but have often thought that the burden of riches brings its sorrows. Young Mr. Rockefeller is being hunted by murderous fanatics at this present moment, while his father's country home is ablaze with powerful arc lights and special officers patrol all approaches to the house.

We once heard a minister say after reading the words, "Woe to you that are rich," that for years he had thought objects of this attack were those only who are rich; but in his later days he was convinced it applied also to others who were all the time envying the opulent. If the murmurers and complainers of this world had the money most of such would wind up as the prodigal son. They were kept down because they lacked the means of satiating their appetites. The minister was probably right.

ANOTHER WHITE HOUSE BRIDE.

Marriage bells were again in evidence in the White House yesterday evening, when W. G. McAdoo, secretary of the treasury, and Miss Eleanor Wilson, youngest daughter of Woodrow Wilson, President of the United States, entered the bonds of matrimony. Compared with the recent nuptials of her sister, now Mrs. Sayre, the wedding yesterday was of a comparatively quiet nature. The newly-wedded couple did not tarry long after the ceremony, but started, it is supposed, for their future home on the Hudson.

This is the fourteenth wedding which has occurred in the White House. The congratulations of the country go with the newly wedded couple, and it is hoped their path through life will be pleasant to the end of the journey.

REVISION OF CODE.

Former Governor is Favored Member of Committee for Work.

Richmond, Va., May 8.—Among the members of the Virginia bar and judiciary recommended to the Supreme Court of Appeals as fitting candidates for the committee created under act of the last General Assembly to revise the code are former Governor Wm. Hodges Mann, of Petersburg; Judge T. W. Harrison, of Windhester, and former delegate James R. Caton, of Alexandria.

Under the provisions of the act creating the code revision committee, which carried an appropriation of $40,000, the Supreme Court is to recommend the names of ten candidates, from which the names of three, who will comprise the commission, will be chosen by the governor.

The code revision commission will elect its own clerk, who is expected to be a lawyer of equal capacity to members of the commission itself. Upon the clerk will devolve in a large measure the responsibility of drafting the frame work of the code.

ARMSTRONG PLEADS GUILTY.

Sentenced to Serve Aggregate of Eight Years in Penitentiary.

Augusta, Ga., May 8.—James P. Armstrong entered a pla of guilty in the Superior Court yesterday to five indictments charging forgery and one indictment for being cashier of a bank which became fraudently insolvent, and was sentenced to serve an aggregate of eight years in the penitentiary. Armstrong was cashier of the Irish-American Bank, which failed last December. He is also under indictment for embezzlement, but he did not plead guilty to that charge. The representative of the bank examiners showed an alleged deficit of about $190,000.

Armstrong appeared in court with his counsel, and when the case against him was sounded he wrote out the pleas of guilty himself.

CHALONER CASE ON APPEAL.

United States Circuit Court Hears Argument and Reserves Decision.

New York, May 8.—The United States Circuit Court of Appeals heard argument and reserved decision yesterday on the appeal of John Armstrong Chaloner, of Virginia, from the decision of a lower court, dismissing his suit against Thomas T. Sherman, for the purpose of regaining control of his estate in New York, said to be worth several million dollars.

Chaloner, declared by the New York State courts to be insane, but by the Virginia courts to be sane, once was in an asylum, in Westchester county, but escaped, fled South and began his legal fight to regain control of his estate. Sherman, the defendant in Chaloner's suit, was appointed as the committee of the plaintiff's person and property in New York.

School Boy Falls Dead.

New Canton, Va., May 8.—A tragic death occurred in the passenger station at Bremo Bluff this noon, when young Joseph Jones, of Arvonia, a member of Arvonia High School baseball team, dropped dead from heart failure in the presence of a number of his companions who had walked down the railroad track from Arvonia on their way to play baseball in Scottsville.

CONSTIPATION RELIEVED ENTIRELY AT OUR RISK.

Unless Rexall Orderlies relieve your bowel troubles and make you feel like coming back to thank us for telling you about them, then come back any way, and ask us to give you your money back. This is just as strong as we can make this guarantee, and we want to make it strong, because we believe that Rexall Orderlies are the best bowel remedy made.

Soothing and easy in action, they cleanse the bowels, thoroughly toning and strengthening them, and make you feel great. They promote easy and regular bowel action, help to promptly relieve constipation and overcome its cause. In these things they differ from old-fashioned, harsh, disagreeable salts and other physics which usually give only temporary relief and often leave the bowels in worse condition than ever. They taste like candy and even children like them. They are particularly good for children and for delicate and aged people. In vest pocket tin boxes; 10c, 25c, 50c.

You can buy Rexall Orderlies only at the Rexall stores, and in this town from Wm. P. Taylor, druggist, 616 King street.

CAPT. MARK'S BODY FOUND.

Norflok, Va., May 8.—Murdered last November, while his schooner, the Mary Inez, lay at anchor in Chesapeake, the body of Captain J. E. Marks has just been found.

It floated into a pound net near Guynn Island and was hauled into a boat by fishermen. Captain Marks is supposed to have been murdered for his money. A negro member of his crew is accused of the crime, but the police of several cities have been unable to locate him.

A tin box in which Captain Marks usually kept his money was missing from the cabin of his schooner after the murder.

TRIES SUICIDE IN COURT.

Young Woman Takes Poison to Keep From Testifying.

Cambridge, Md., May 8.Miss Hazel B. Topfer, principal witness for her mother, Mrs. Annie R. Topfer, against Avery Todd Malone in the damage suit for alleged seduction, attempted suicide by swallowing several bichloride of mercury tablets while sitting at the trial table in the Courthouse here today.

The girl had a dozen or more of the tablets in her hand. She was prevented from swallowing the others by the prompt action of those near her, who grasped her arms and took the tablets from her.

The attempt at suicide was made just before the case, which had been removed from Wicomico county, was called for trial. The courtroom was crowded and the first witness was on the stand when Miss Topfer quickly put several of the tablets in her mouth and swallowed them.

She reeled in her chair and those nearest her went to her assistance. Just as they reached her the girl attempted to raise the other hand to her mouth, but was prevented. When her clenched fingers were forced open a dozen or more tablets were found.

Miss Topfer soon became nauseated. Physicians were summoned and she was removed to the hospital, where emetics and a stomach pump were applied. Although very weak, the girl is expected to recover.

Miss Topfer is said to have been humiliated because of the suit, and her act is thought to have been caused by hysteria. To one of the attending physicians she is said to have stated that she would die sooner than testify against Malone.

The attempted suicide caused the Malone case to be abandoned for a while, as the officials of the court and spectators awaited word from the hospital.

It was later resumed and most of the evidence was presented before court adjourned for the day.

A letter was submitted written by Miss Topfer to Malone in which she said she did not blame him and that her mother was responsible for the suit being prosecuted.

Malone was fined at Salisbury several weeks ago for contempt of court for having removed Miss Topfer from the jurisdiction of the Wicomico court.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifacations prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or, arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it We have **"money-making afterward"** considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital,** so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

Jones was then placed in the lockup, where he swore he would kill all who had anything to do with his imprisonment. Fearing further violence against the prisoner the officers started with him to jail, but the mob met them two miles from town, overpowered him, and shot the prisoner to death.

FOR METHODIST UNION.

General Conference of Southern Church Hears Suggestions.

Oklahoma City, May 8.—Twenty-5 memorials touching upon Vanderbilt University were submitted to the general conference of the Methodist Episcopal Church south, here yesterday. All were in favor of the withdrawal of the church from future support of the university.

The memorial contained suggestions for the development of one of the Methodist colleges or the establishment of a new school to be the chief educational institution of the church. A few memorials suggested that two schools, one in eastern and another in the western part of the country be founded.

Requests for church support were made on behalf of Trinity College, Durham, N. C., established 60 years ago. Emory College, near Atlanta, Ga., founded 75 years ago, and the Southern Methodist University, to be opened in Dallas next year.

The Vanderbilt matter was referred to a special committee composed of the Rev. E. V. Regester, Alexandria, Va., Baltimore Conference; A. J. Lamar, Tennessee; T. S. Garrison, Texas; H. T. Durham, North Carolina; R. A. Meek, Louisiana; D. H. Linebaugh, Oklahoma; H. M. Dubose, Atlanta; C. M. Hay, Missouri; W. A. Christian, Virginia; J. M. McCormick, Texas, and F. M. Thomas, Kentucky.

The Baltimore conference delegates placed on permanent committees are as follows:

Episcopal—The Rev. H. P. Hamll, Gaithersburg, Md., and L. W. Davis, Baltimore.

Itinerary—The Rev. J. H. Wells, Baltimore, and E. F. Thomas, Roanoke, Va.

Revivals—The Rev. E. V. Regester, Baltimore, and Chas. W. Ray, Washington.

Publishing Interests—The Rev. H. H. Sherman and Edward S. Conrad.

Church Extension—The Rev. D. H. Kern, Alexandria, Va., and Mr. Davis, Baltimore.

Missions—The Rev. J. H. Wells, Baltimore, and Mr. Thomas, Roanoke.

Boundaries and Finance—The Rev. E. V. Regester and Charles Bare, Alderson, W. Va.

Temperance and Moral Feform—The Rev. D. H. Kern and C. W. Ray.

Sunday Schools—The Rev. H. P. Hamill and E. C. Bare.

Epworth League—The Rev. H. H. Sherman and Mr. Bare.

Church Relations—The Rev. J. H. Wells and Mr. Ray.

The report of the commission on Church Federation, of which Bishop E.E.Hoss is president, and Mr. F. M. Thomas, Kentucky, is secretary, was read. It presented the details of the Cape May commission, which laid the foundation for all subsequent relations between the churches, and set out the suggestion prepared by the joint commission representing the Methodist Epescopal Church South, and Methodist Protestant Churches, looking to the reunion and unification of American Methodism through reorganization.

In the report the general conference is asked for an expression of opinion on these suggestions as a basis for further negotiatons. It also announced the final completion of a federal council of Methodism to hear and determine without appeal cases of conflict between the Methodist bodies. This court is the first of its kind in the history of Christendom.

Reports show that the total membership of the Southern Methodist church is 1,996,877, a gain during 1913, of 46,231. There are 7,203 traveling preachers, making a grand total of 2,009,026.

The report of Fitzgerald S. Parker, general secretary of the Epworth League, reviewing the work of the quadrennium, showed the League contributed $124,715 for missione and $401,366 for other purposes.
